

Rota-Flex king pin  
boxes require  
#4446 or #4447  
Pinbox Rubber  
Isolator

- A conical washer and high-grade steel bolt and nut eliminate the need for “re-torquing”—a requirement on other single point hitches
- The Draw-down Bolt is drilled to allow for optional Lock Kit #2617

Remote latch  
eliminates any  
required drilling  
and is easily  
accessible from  
outside the truck  
bed.
