## SAFER. STRONGER. BETTER

Introducing the NEW 24K Super 5<sup>th</sup> hitch for Industry Standard Rails. Used with our new 24K ISR HD Rails, you can install the strongest towing platform in the industry.

24K ISR Super 5<sup>th</sup>  
Part #2200

16K ISR Super 5<sup>th</sup>  
Part #1900

All ISR Super 5<sup>th</sup> hitches feature our four-way tilt, auto-locking, rotary gear-driven latch for safety, convenience, and comfort. Height adjustable from 16" to 19".

18K ISR Super 5<sup>th</sup>  
Part #2100

## 24K Industry Standard Heavy Duty Rails

Don't be fooled. Typical standard rails can't pass tests for more than 18K pounds. The hitch and truck are heavy duty, the rails should be too. Now you can install the **strongest** standard towing platform in the industry.
